**Helpful Tips!**

**Below are some helpful tips that will guide you in every step of the poster designing process.**

- **Working with photos** (everything you need to know from image size, copyright laws, ect.)
- **Converting academic papers to posters** (the answer to this question: "how do I represent my research on a poster?")
- **Choosing a poster size** (what size is best for you?)
- **Laying out your poster based on data** (the perfect design to represent data and research) [Click HERE for video tutorial!](#)
- **Why keep your poster?** (what to do when your poster is finished)
